### **VISION**

A vibrant, maturing, Holy Spirit led youth worship group between the ages of 11-17 under the guidance of both the Youth Empowered to Serve (Y.E.S.) and Worship & Arts Ministries developing, using and surrendering our God-given gifts and talents as ushers, dancers and singers to usher persons into the presence of God and help build and rebuild lives by connecting people to Jesus through worship.

### **MISSION**

Develop a clear understanding of worship, the importance of a lifestyle of worship, corporate worship and the responsibility of the W & A Ministry:

- Encourage consistent ministry participation and build relationships amongst ministry members.
- Teach commitment, teamwork and accountability
- Develop gifts and talents for use in worship and personal development
- Create relevant and age appropriate ministry opportunities

### **GOALS**

Implement quarterly youth-centered “Worship & Arts Rally” – Boot camps designed to experience worship and understand how to participate to feel comfortable using their gifts in the church.

## **Mentoring Program**

### **VISION**

Participants will have a personal relationship with Christ, demonstrate Christian values and commit to building a life through discipleship, stewardship, relationship and fellowship.

### **MISSION**

Christian mentors, through one on one coaching, will assist participants develop a personal relationship with Christ and apply Christian values to everyday life. Mentors will help participants build a life within the Kingdom of GOD based on Discipleship, Stewardship, Relationship and Fellowship.

### **GOALS**

MSBC’s Mentoring Ministry will seek to bridge the gap for Youth that are between ages 9 through 11 that are in need of Positive Role Models. MSBC Mentors will meet the Youth where they are spiritually and establish relationships to assist them as they transition from Elementary to Middle school. Every Parent that has a participant in the Mentoring Ministry must sign a Parent/Mentor Contract. Any Ministry that is central to the growth and development of children that does not have an integral role for parents is lacking its most important ingredient.
